

# **December 3, 2002, Videoconference Using Multiple Measures to Improve Student Performance and OPI Five-Year Comprehensive Education Plan**

On December 3, 2002, the Office of Public Instruction will host a three-hour Vision Net videoconference from 9:00 a.m. to Noon and a repeat session using METNET videoconferencing from 1:00 p.m. to 4:00 p.m.

Dr. Victoria Bernhardt, author of several books on the topic of quality school planning, including Data Analysis for Comprehensive School Improvement, will present a keynote lecture titled Using Multiple Measures to Improve Student Performance at each session.

Following Dr. Bernhardt's lecture, the Accreditation Division and its comprehensive planning partners will present updated information regarding state and federal program planning and accountability requirements.

Several videoconference sites have been added, but seating is limited. If you have not registered, please do so today at the following Web site:
